PRANAY PRATAP SINGH

Computer Science & Engineering

+91-8765975101 • pranaypratap9@gmail.com • Linkedin • GitHub • LeetCode

Greater NOIDA, Uttar Pradesh, India

SUMMARY

Detail-oriented B.Tech Computer Science student with strong foundations in Java programming, Data Structures and Algorithms, and Object-Oriented Programming. Solved 200+ DSA problems on LeetCode and GeeksforGeeks, showcasing strong analytical and problem-solving skills. Experienced in campus ambassadorship, community building, hackathons, and collaborative development. Demonstrated leadership and communication abilities through participation in 50+ Model United Nations (MUNs) and active technical community roles.

EDUCATION

Galgotias University **2024 – Present**

Bachelor of Technology in Computer Science Engineering • Greater NOIDA, Uttar Pradesh

City Montessori School **2024**

Senior Secondary (Class XII) ISC Board • Lucknow, Uttar Pradesh

City Montessori School **2022**

Senior Secondary (Class X) ISCE Board • Lucknow, Uttar Pradesh

SKILLS

Programming & Computer Science:

- **Languages:** Java, Python, JavaScript, SQL
- **Frameworks / Libraries:** React.js, Node.js, NumPy, Pandas
- **Databases / Cloud:** MySQL, MongoDB, AWS
- **Tools:** Git, GitHub, VS Code, IntelliJ IDEA
- **Concepts:** Data Structures & Algorithms, OOP, DBMS, Machine Learning

Soft Skills: Strategic Thinking, Problem Solving, Effective Communication, Logical Thinking, Leadership, Time management, Cross-Functional Collaboration

PROJECT

Cattle Breed Detection

AI / Machine Learning Project

- Built a computer-vision based system to identify cattle breeds from input images using image classification.
- Designed the prediction workflow to process an image and return the detected breed for livestock identification.

Train Delay Prediction & Route Intelligence

Python / FastAPI Backend Project

- Developed a working backend for train-route and delay analysis using structured station and train journey data.
- Implemented API-based processing for train and station inputs using historical route and delay information.

INTERSHIP

EDUSKILLS ACADEMY/AICTE **APRIL 2026 - JUNE2026**

Java Full Stack Development With Project

- Completed an 8 week Virtual Internship focused on java full stack.
- Worked on a project as a part of the internship.
- Developed practical skills related to java and full stack development.

CERTIFICATIONS

- Software Engineering Job Simulation in JP Morgan Chase
- AI Practitioner (Online Course by AWS)
- Generative AI Productivity (Online Course by Microsoft)
- Technical Security Audit (Online Course by LinkedIn)
- Java Collections (Online Course by HCL GUVI)
- Java Servlets (Online Course by HCL GUVI)
- C Programming (Online Course by HCL GUVI)
- Java (Online Course by HCL GUVI)
- OOPS in JAVA (Online Course by HCL GUVI)
- Computational Thinking (Online Course by HCL GUVI)

ACHIEVEMENTS

- Solved 200+ DSA problems on LeetCode and GeeksforGeeks covering arrays, recursion, linked lists, stacks, trees, searching, and sorting.
- Actively participated in Hackathons, contributing to problem analysis, algorithm design, coding, debugging, and team collaboration.
- Participated in 50+ Model United Nations (MUNs), strengthening communication, negotiation, structured debate, and public speaking.
- School level football and cricket player, showcasing teamwork, discipline, and leadership qualities.
- Won SIH Pre-Qualifier and qualified for the Grand Finale of Smart India Hackathon(SIH)
- Successfully completed the Campus Ambassador program at the Entrepreneurship Development Cell (EDC), IIT Delhi.
- Serving as **Club Head of HackForge**, leading technical activities, hackathons, and student engagement.
- Selected as a **Campus Crew Member at HackerRank**, contributing to coding and technical initiatives on campus..
